**MARTIN SHAO JOINS VERICO!**

Martin Shao, founder of VERICO Valueland Mortgages, has an extensive background in financial services. He obtained a B.Sc. and a Master's degree in financial information management in both China and the UK. Martin taught business technology courses at universities in Hong Kong and Canada, and was a consultant in the financial technology sector. He also published numerous research papers in the financial technology field.

VERICO Valueland Mortgages has been in operation since August 2002. Last year Martin was one of ING Direct's top five performing mortgage brokers across Canada. Martin's thorough experience arranging prime mortgages with banks and accessing private funding has made Valueland a great name in the mortgage business in Ontario.

"Valueland services Markham, the GTA area and the broader Ontario market through its highly interactive internet presence. We provide fast and effective service to people who appreciate our open and honest approach to mortgages." says Martin. "We always place the client's interest before ours!"

"Joining Verico allows Valueland to be part of a wider and more successful broker network, to access more tools and resources for our employees and agents, and ultimately, to provide the most reliable advice to our customers."

**Please join us in welcoming Martin Shao to VERICO!**

VERICO Mortgage Brokers Network is committed to ensuring our licensees have a clear competitive edge and we will continue to develop services, products and innovative ways to enhance their business. Our position of truth, trust and transparency has given entrepreneurial business people a clear alternative of owning their own business, building on their equity and forging the new paradigm for companies and originators in Canada.

Sincerely,

**Colin Dreyer, President & CEO**
